

MarkerLess AR Example 1.1.4

MarkerLess AR Example

About MarkerLess AR Example

MarkerLess AR Example is an **example project** demonstrating **Marker-Less Augmented Reality** using [OpenCV for Unity](#). This project showcases how to implement **AR without printed markers** by using the actual environment as input and displaying **3D models** in `WebCamTexture` in real-time.

The execution of this asset is required [OpenCV for Unity](#).
